

GS 47-30
 This map is not a certified survey and has not been reviewed by a local government agency for compliance with any applicable land development regulations.

Timber buyer and Logger are responsible for implementation of applicable river rules and BMP's.

**Pine Plantation
 First Thinning
 21.45 Acres**

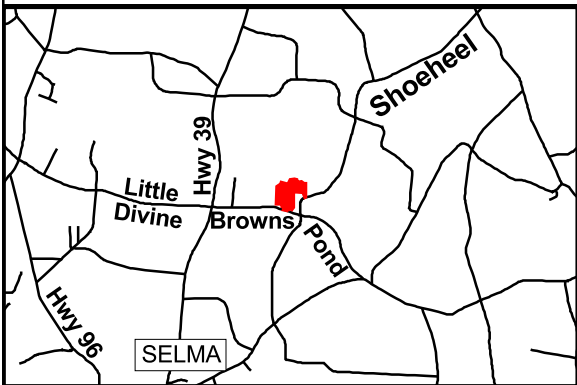

Harvest every 4th row.
 Remaining rows will be thinned from below leaving a residual basal area of 70-80.

If rows can not be located, use simulated 4th row thinning

Parallel thinning corridors approximately 10 feet in width will be harvested on approximate 40 foot centers.
